

President's Report December 2020

I trust that all members are finding our monthly newsletter enjoyable and full of information some members who like to print the newsletter have said that perhaps we need to trim it down a bit so we would welcome your thoughts as to what should be (or not be) included.

Our last trip away was to Tathra and was a great success although it was planned to be a day trip on Sunday 23rd November to Mogreeka Reserve most people elected to make it a weekend getaway. We stayed at Beachfront Holiday Park and had two nights out at the Bowling Club for a great feed and a frothy.

We were successful in catching a number of nice dusky flathead with Pam Schroeder getting her PB at 560mm. We also managed to catch plenty of black fish on live nippers but could not get any at a legal length.

The weather was nice and mild all be it a bit windy and it's an area I hadn't fished before and if you want a big dusky this could be the place. Maybe on next year's trip.

Over a glass of red or two on our last night at Tathra Max said we should go to Wonboyn Caravan Park for a weekend so keep an eye out on our Facebook Page for further details. I would welcome other ideas from members as to where we should hold future events so we can put together next year's calendar now that Covid seems to have settled.

Possible suggestions: Mallacoota ,Marlo, Moruya, Narooma, Jindabyne. I have been in discussions with Pambula Fishing Club with the view of co-joining them on some of their upcoming events.

Due to increased costs in running next year's competition at a Extra Ordinary General Meeting it was agreed unanimously to increase the cost per senior entrant from \$40 to \$50 which is still super cheap compared to other fishing competitions and given the boat we have on offer for one lucky entrant and other prizes available.

I would like to thank everyone who participated in our car boot sale and book sale it proved to be a great success and we are already being asked when we are holding our next one. If you still have some household items or bits and pieces you may want to sell we have another one scheduled for Sat Jan 23rd 2021

We are extremely hopeful that our new web page and Facebook page will be live this month and offer our members and visitors greater flexibility to publicize our information, online registrations and merchandise sales, so keep checking in for further update.

On behalf of the Committee we wish everyone a Merry Christmas and a Safe New Year.

Rob Schroeder
